RELEVANT STUDIO EXPERIENCE

Typography 3

September 2024 - December 2024

Took on professional practices of typesetting in print and digital forms. Designed structured layouts using grids and created graphic material for publications and motion graphics using with Adobe Creative Suite.

Color + Surface

February 2024 - May 2024

Experimented with the relationships between sound, surface, and color through image making and composition. Gained deeper understanding of color theory and designed layouts with sensitivity to matching color on digital and print surfaces. Designed branding identities and motion graphics.

Design Studio 3

September 2024 - December 2024

Designed graphic material made up of two visual systems ranging in print and screen formats. Worked collaboratively and autonomously in a group setting to create a system of posters, motion design, and a board game.

History of Graphic Design

September 2023 - December 2023

Formatted information in poster and book presentations with principles of type and image hierarchy in order to create clear communication of ideas.

CREATIVE EXPERIENCE
